Hola Newsletter

¡HOLA!

Hola Peregrinas and Peregrinos!

Welcome to you all as well as all our new members.

The number of applicants has slowed down dramatically as most of you have registered for the year. For those walking in 2024 we are holding back on sending you the documents as they should not be more than 6 months old.

There are however plenty of persons on the pilgrimage as September is one of the busiest months. People take advantage of the dry cooler weather to enjoy the walk.

For those walking or cycling, please enjoy and make the most of your camino, take it all in but be respectful of your fellow pilgrims and the Spanish people and their country. We are their guests. Please note that we need to only leave behind our footsteps and good memories, no toilet paper or other momentos such as old boots etc. The exception is the Iron Cross where we can leave a small stone.

Gracias
